

Prague, 15.10.2012

**Dear Colleagues,
Dear Business and Professional Partners,**

We would like to inform you that after 14 years of existence of **D2 Consult Prague s.r.o.**, and its connection to the original owner, **D2 Consult Ingenieure ZT-GmbH** in Linz, Austria, this ownership relation has been terminated.

At the same time, changes in the name and ownership structure of the company have been performed. The new partner is Austrian consulting company **3G Geotechnical Group Graz ZT GmbH** (www.3-g.at). This company acts as an independent consultant focused on applied geology, geotechnics and tunnelling. Company operates in Austria and worldwide and participates in the preparation and realization of prestigious tunneling projects.

The change of ownership structure includes also change of the company name. The new name is a **3G Consulting Engineers s.r.o.** (www.3-g.cz). All commitments and contractual relationships are preserved as well as scope of activities and personnel. Focus of the company will be similar, i.e. consulting activities in the underground construction and geotechnics, design, technical assistance, construction supervision, research, training and education.

We hope that you will get used to the new company name and that our cooperation with new Austrian partner will be beneficial for both Czech and international tunnel construction industry.

We thank you for your understanding and are looking forward to future cooperation,
With best regards,
